

**THIS IS WHAT GOOD
CARE PLANNING
LOOKS LIKE!**

My Care Plan is personal to me and can adapt to my changing needs

My Care Plan takes into account my whole lifestyle, not just my assessed needs or financial situation

I am encouraged to think creatively about how I will achieve my goals

My review is focused on me, my achievements and my future goals

I am able to choose who helps me turn my Care Plan into reality

I know what to expect and I can rely on people to do what they say they will do

Those who help me with my Care Plan are flexible, open and honest

I can change my mind and know it is ok as my Care Plan is flexible

Wherever possible, I am always part of my Care Plan

Information is always readily available to me in an accessible way
